About Me

Hello, my name is MuhammadUmar, and I'm a full-stack web developer. To be honest, I have no experience, I just worked with my team, have done projects and so on, I know 4 languages : Russian, Uzbek, English, Tadjik, learning Arabic and Korean . I have experience in working with HTML, CSS , SCSS , TailwindCss , JavaScript, React.js , GitHub , Netlify , API, Axios , Ant Design, MUI, TailwindMaterial, Linters, Node js, Express.js, Ejs, Grammy Telegram Bot, PostgreSQL. Learning Typescript, and planning to learn Next.js and Nest.js soon, I study at Najot Ta'lim for a fullstack web developer , soon I'll finish my Backend course as well
