Men haqimda

Hello, my name is Umar, and I'm a frontend developer(for the time being). To be honest, I have no experience, I just worked with my team, have done projects and so on, I know 4 languages : Russian, Uzbek, English, Tadjik, learning Arabic and Korean . I have experience in working with HTML, CSS , SCSS , TailwindCss , JavaScript, React.js , GitHub , Netlify , API, Axios , Ant Design, MUI, TailwindMaterial, Linters, Node js, Express.js, Ejs, Grammy Telegram Bot. Learning Redux, and planning to learn Next.js, Typescript and SQL soon, I study at Najot Ta'lim for a fullstack web developer , soon I'll finish my Backend course as well▤
