Experience

MENTOR (Frontend)

CoddyCamp IT Academy • Tashkent, Tashkent
07/2023 - Present

- As a frontend mentor, I have successfully taught my students aged 10-16 how to build dynamic websites using cutting-edge tools like HTML, CSS, Bootstrap, React, Node.js. Through my expertise in these technologies, I have helped countless beginners overcome their fear of code and develop a passion for programming. My lessons often include real-world examples from popular websites and apps, allowing learners to see the relevance of their newfound knowledge beyond the classroom. With my guidance, even those without prior experience can become confident coders ready to tackle complex software challenges.
- I transitioned from full-time teaching assistant to part-time teacher due to age restrictions set by the previous company.

FRONT-END WEB DEVELOPMENT INSTRUCTOR

Mars IT School • Tashkent, Tashkent
06/2023 - 07/2023

- Developing engaging lesson plans for students aged 8-16 that covered topics such as JavaScript, HTML, CSS, Bootstrap, and Scratch programming language.
- Conducting classes as a substitute teacher when necessary, ensuring smooth transitions and continuity of learning experiences for students.
- Collaborating closely with fellow teachers to ensure alignment with curriculum standards and integration of technology into instructional practices.
- Providing individualized support to students during lab sessions, helping them overcome technical challenges and reinforcing key concepts.
- Maintaining up-to-date knowledge of industry trends and emerging technologies to enhance teaching strategies and resources.
